

Preparation and Characterization of Organic Thin Films

When: Mo., 23.7.2018 – Fr., 27.7.2018, 9:15 – 17:00 (daily)

Where: 9:15 a.m. – 12.20 p.m. **CS / Building 30.44/ Room 408 (theoretical part)**
2:00 p.m. – 5:00 p.m. **CN / Building 330 (practical part)**

The course is designed for advanced students with a Bachelor in chemistry. Different methods for the preparation and structuring of organic thin films on metal and oxidic surfaces as well as different techniques for the (site-selective) surface characterization will be discussed. The theoretical introduction in the morning will be followed by a practical part in the afternoon. The course will be given in English language.

Registration via e-mail is necessary! Please contact : hartmut.gliemann@kit.edu

Registration deadline: Friday, 13.7.2018
